

# Torre dell'Orsa

Immersed in the greenery of an extensive plateau at approximately 505 metres in height, in an environment in which man has not yet changed the typical aspects of an age-old scenario; the healthy and balsamic air of the forests, the mild climate throughout the seasons, the genuine products of the earth.

The Tower is divided up into 8 apartments of various sizes with large bedrooms (double or triple) with bathrooms, dining rooms and services for a stylish and healthy stay.

The elegance of the areas and the in-depth research into details by the architect highlights the Umbrian style, warm and welcoming, unique in its details.
